

YOUR CASE SQUAD

BEHIND THE SCENES

How We Work Together on Your Case

Spoiler alert: We are never ignoring you. We are just deep in the legal trenches doing the heavy lifting for your future!

YOUR 24/7 ACCESS

The Private VIP Lounge

Pajamas highly encouraged.

Upon joining our squad, you receive private access to your secure Client Portal. Think of it as your backstage pass to your lawsuit.

- **View key documents instantly** without having to ask.
- **Drop us messages** whenever inspiration strikes.
- **Absolutely zero judgment** (and no fancy outfits required).

ADMIN CONTROL

Zero “Spam” Energy

We handle the background noise.

Legal cases involve thousands of minor procedural updates. To save your sanity, we manage the boring administration quietly behind the scenes.

You shouldn't have to read fifty emails about minor scheduling adjustments. We protect your inbox so you only focus on key updates.

CASE MILESTONES

The Highlights Reel

Only main character documents.

We routinely direct high-impact files to you, meaning you see the exact assets moving your story forward.

- **Major Case Milestones** and calendar adjustments.
- **Key Pleadings** filed in public court.
- **Core Discovery Materials** gathered on your behalf.

You stay updated with facts that matter, without the legal fluff.

TRANSPARENT RECEIPTS

The Receipts (Literally)

Your monthly scoreboard.

Every single background task, research sprint, and legal brief we write is detailed transparently on your invoice.

Think of your monthly bill as a transparent diary of our work. You will always know exactly how we're fighting for you.

Effective communication is a two-way street. Let us build success on your terms!
